Do this by creating a gross sales web page for the new guide, but do not embrace a price on that page. As an alternative, add quite a few links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to test out costs by creating a variety of duplicate sales pages with completely different prices on every page. Be sure that your sales copy is strictly the identical on every web page, and consists of your selling-handle sentence. Then figure out for every page the conversion ratio between guests to your web site and gross sales of your book. This can let you know what your optimum worth is.

In the end, when you've written a ebook that solves a downside or presents a new approach, your ebook will usher in both visitors and profits.
