Do this by creating a gross sales web page for the brand new e book, however don't include a value on that page. As an alternative, add a number of links to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

Another technique is to test out costs by creating a variety of duplicate gross sales pages with different costs on every page. Make sure your gross sales copy is exactly the identical on every page, and includes your selling-handle sentence. Then figure out for every page the conversion ratio between visitors to your site and gross sales of your book. This may inform you what your optimum value is.

In the end, in the event you've written a e book that solves a downside or presents a brand new method, your e-book will herald both visitors and profits.
