As an alternative, add plenty of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to check out prices by making a variety of duplicate gross sales pages with totally different prices on each page. Be certain that your sales copy is exactly the identical on

every web page, and consists of your selling-deal with sentence. Then work out for every web page the conversion ratio between visitors to your website and sales of your book. It will let you know what your optimum price is.
