piece of gross sales and promotional materials, and every time anyone asks you about your ebook.

One is to present something away free of charge together with your book, reminiscent of a beneficial bonus item. Or bundle a number of ebooks under one worth, which lowers the value for each book if they were sold separately.

An efficient method for figuring out a value is to send out a survey to your current customers. If these prospects have already bought an ebook from you, ask for his or her opinion in terms of price. Do this by creating a gross sales page for the new ebook, but do not embrace a price on that page. As an alternative, add plenty of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other strategy is to check out prices by making a variety of duplicate gross sales pages with completely different prices on each page. Be certain that your sales copy is precisely the similar on each page, and includes your selling-deal with sentence. Then determine for every web page the conversion ratio between guests to your site and gross sales of your book. It will tell you what your optimum price is.

In the end, in case you've written a e-book that solves a downside or presents a brand new approach, your guide will usher in both traffic and profits.
