Do that by creating a gross sales web page for the new e book, but don't include a value on that page. As an alternative, add plenty of hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another technique is to check out costs by making a number of duplicate sales pages with different

costs on each page. Make certain your sales copy is precisely the similar on every page, and includes your promoting-handle sentence. Then determine for every web page the conversion ratio between visitors to your website and gross sales of your book. This may let you know what your optimum price is.
