Start on the highest value the market will bear to bring in the largest earnings, and plan to discount the e-book a variety of occasions throughout the year.

One other technique is to check out prices by creating a variety of duplicate gross sales pages with different prices on each page. Ensure that your gross sales copy is strictly the identical on each web page, and contains your selling-handle sentence. Then figure out for each web page the conversion ratio between visitors to your site and gross sales of your book. This may inform you what your optimum value is.
