Moreover selling your books assiduously on-line, there are several different methods that can make it easier to promote extra books.

One is to present something away without cost with your book, comparable to a helpful bonus item. Or bundle a number of ebooks beneath one price, which lowers the value for each e-book in the event that they have been bought separately.

An efficient approach for figuring out a value is to send out a survey to your present customers. If these prospects have already purchased an e book from you, ask for their opinion when it comes to

price. Do this by making a sales page for the new book, but don't embrace a price on that page. Instead, add a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another technique is to check out costs by creating a number of duplicate gross sales pages with totally different costs on each page. Ensure your gross sales copy is exactly the same on each web page, and includes your selling-handle sentence. Then determine for each page the conversion ratio between guests to your site and gross sales of your book. It will tell you what your optimum worth is.

Finally, if you've written a book that solves a drawback or presents a new method, your book will usher in both traffic and profits. So you'll want to write that promoting-handle sentence that sums up what problem your guide solves and what the benefits of your 1005 e-book will likely be to the purchasers who purchase it. And then watch your market come to you!
