If you want to see giant profits over customer draw, intention for an audience that is on the lookout for straightforward solutions to their issues at a low price. If your e book is aimed toward fixing one particular drawback moderately than general advice, then you may cost more. Do that by making a gross sales page for the new e-book, however don't embody a value on that page. As an alternative, add a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to test out prices by making a number of duplicate sales pages with different prices on every page. Be certain your sales copy is strictly the same on every page, and contains your selling-deal with sentence. Then work out for every page the conversion ratio between visitors to your website and gross sales of your book. This will inform you what your optimum value is.

Finally, if you've written a guide that solves a problem or presents a new technique, your e-book will bring in both traffic and profits.
