An effective approach for determining a value is to send out a survey to your current customers. If these customers have already purchased an book from you, ask for their opinion by way of price. Do

this by making a gross sales page for the new guide, but do not include a worth on that page. As an alternative, add plenty of hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other technique is to test out prices by making a number of duplicate gross sales pages with totally different costs on each page. Be sure that your gross sales copy is exactly the same on each page, and includes your promoting-handle sentence. Then figure out for each web page the conversion ratio between guests to your site and gross sales of your book. It will let you know what your optimum price is.

Ultimately, if you happen to've written a book that solves a drawback or presents a new approach, your ebook will usher in both traffic and profits.
