every piece of sales and promotional material, and each time anyone asks you about your ebook.

Besides promoting your books assiduously on-line, there are a number of other methods that can help you sell more books.

One is to offer something away free of charge along with your e book, akin to a worthwhile bonus item. Or bundle a number of ebooks under one price, which lowers the price for each e-book in the event that they had been sold separately.

An efficient technique for figuring out a worth is to send out a survey to your current customers. If these clients have already bought an e-book from you, ask for his or her opinion when it comes to price. Do that by creating a sales page for the brand new guide, but don't include a value on that page. As a substitute, add a variety of hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other strategy is to check out costs by creating a number of duplicate sales pages with completely different costs on every page. Be sure that your sales copy is precisely the similar on each web page, and contains your promoting-handle sentence. Then determine for every web page the conversion ratio between visitors to your site and gross sales of your book. This can inform you what your optimum price is.

Finally, for those who've written a ebook that solves a downside or presents a new technique, your e book will bring in both visitors and profits.
