If these clients have already purchased an ebook from you, ask for his or her opinion when it comes to price. Do this by creating a gross sales web page for the brand new book, however don't include a value on that page. Instead, add various hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another strategy is to check out prices by making a number of duplicate sales pages with completely different costs on each page. Make sure your gross sales copy is strictly the same on each web page, and consists of your promoting-deal with sentence. Then work out for each page the conversion ratio between guests to your web site and sales of your book. This can tell you what your optimum value is.

In the end, if you've written a book that solves a downside or presents a brand new approach, your e-book will bring in each traffic and profits. So remember to write that selling-handle sentence that
