One other technique is to test out costs by creating a number of duplicate gross sales pages with different costs on every page. Be sure your gross sales copy is exactly the identical on each page, and consists of your promoting-handle sentence. Then figure out for every page the conversion ratio between guests to your site and sales of your book. It will tell you what your optimum price is.

In the end, when you've written a e-book that solves a drawback or presents a brand new method, your e-book will usher in both visitors and profits.
