The key that unlocks the gross sales potential of your book is to discover a single sentence that turns into your selling handle. This sentence states what query or problem your book solutions and the benefits your ebook can provide. Then you'll want to use that sentence in each piece of gross

sales and promotional material, and each time anyone asks you about your ebook.

Besides promoting your books assiduously on-line, there are a number of other strategies that can show you how to promote extra books.

One is to give something away free of charge together with your e book, similar to a beneficial bonus item. Or bundle a number of ebooks under one worth, which lowers the price for each e-book if they were offered separately.

An efficient approach for determining a worth is to send out a survey to your present customers. If these customers have already bought an e-book from you, ask for his or her opinion in terms of price. Do that by making a sales page for the new e book, but do not include a value on that page. Instead, add a variety of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another technique is to check out costs by making a variety of duplicate sales pages with completely different costs on each page. Make sure your gross sales copy is precisely the same on each page, and contains your promoting-handle sentence. Then work out for each page the conversion ratio between guests to your web site and sales of your book. This can tell you what your optimum price is.

Ultimately, for those who've written a book that solves a drawback or presents a new approach, your e-book will herald both traffic and profits.
