Another technique is to test out costs by creating a number of duplicate sales pages with completely different prices on every page. Be sure that your sales copy is precisely the identical on each

page, and consists of your selling-handle sentence. Then work out for each web page the conversion ratio between visitors to your website and gross sales of your book. This can tell you what your optimum value is.

Finally, if you've written a ebook that solves a downside or presents a new technique, your guide will herald both traffic and profits.
