An effective technique for determining a price is to send out a survey to your present customers. If these clients have already bought an e book from you, ask for his or her opinion in terms of price. Do that by making a sales page for the new guide, however don't embody a value on that page. One other strategy is to check out prices by creating a number of duplicate gross sales pages with totally different costs on every page. Be sure your gross sales copy is precisely the identical on each web page, and consists of your selling-handle sentence. Then work out for every page the conversion ratio between visitors to your site and gross sales of your book. This may tell you what your optimum value is.

Finally, should you've written a e book that solves a downside or presents a new method, your book will bring in both site visitors and profits.
