As an alternative, add quite a lot of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other technique is to check out prices by creating a number of duplicate gross sales pages with

completely different prices on each page. Be sure that your sales copy is strictly the identical on every web page, and consists of your selling-handle sentence. Then determine for each web page the conversion ratio between visitors to your site and sales of your book. This can inform you what your optimum worth is.

Finally, when you've written a e book that solves a drawback or presents a brand new method, your e book will usher in each site visitors and profits.
