An effective method for figuring out a value is to ship out a survey to your current customers. If these clients have already purchased an e-book from you, ask for his or her opinion in terms of

price. Do that by making a sales page for the brand new e-book, but do not embrace a value on that page. As an alternative, add numerous links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to check out prices by making a number of duplicate sales pages with different costs on each page. Make sure your gross sales copy is exactly the similar on each page, and includes your selling-handle sentence. Then determine for each web page the conversion ratio between visitors to your site and gross sales of your book. This will let you know what your optimum value is.

Finally, if you've written a guide that solves a drawback or presents a brand new method, your ebook will herald both site visitors and profits.
