Another technique is to check out costs by creating a variety of duplicate gross sales pages with different prices on each page. Make sure that your sales copy is precisely the identical on each page, and contains your promoting-handle sentence. Then determine for every page the conversion ratio between visitors to your web site and sales of your book. It will tell you what your optimum value is.

In the end, in the event you've written a guide that solves a problem or presents a brand new
