An effective approach for figuring out a price is to ship out a survey to your present customers. If these customers have already purchased an book from you, ask for his or her opinion in terms of price. Do this by creating a sales page for the new guide, but do not include a value on that page. As a substitute, add plenty of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other strategy is to test out costs by creating a number of duplicate gross sales pages with totally different costs on every page. Make certain your gross sales copy is strictly the identical

on every web page, and contains your promoting-deal with sentence. Then figure out for each web page the conversion ratio between visitors to your site and sales of your book. It will tell you what your optimum value is.

Ultimately, should you've written a ebook that solves a drawback or presents a new approach, your ebook will bring in each traffic and profits.
