In addition to promoting your books assiduously on-line, there are a number of different strategies that may show you how to promote more books.

One is to give one thing away at no cost along with your e book, comparable to a valuable bonus item. Or bundle several ebooks below one value, which lowers the value for every e book if they had been sold separately.

An effective method for figuring out a value is to ship out a survey to your current customers. If these prospects have already bought an e book from you, ask for his or her opinion by way of price. Do this by creating a sales page for the new guide, but don't include a price on that page. As an alternative, add a number of hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other technique is to test out costs by making a variety of duplicate sales pages with different costs on each page. Be sure that your gross sales copy is precisely the identical on every page, and

consists of your selling-handle sentence. Then work out for every web page the conversion ratio between visitors to your website and gross sales of your book. This can let you know what your optimum price is.
