An effective approach for figuring out a worth is to ship out a survey to your present customers. Do this by creating a sales page for the new book, but do not embrace a value on that page. Instead, add quite a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another technique is to check out prices by creating a number of duplicate sales pages with completely different costs on each page. Be sure your gross sales copy is strictly the identical on each page, and consists of your selling-deal with sentence. Then figure out for every page the conversion ratio between guests to your website and sales of your book. This may tell you what your optimum worth is.

Ultimately, if you happen to've written a guide that solves a drawback or presents a brand new technique, your ebook will bring in both visitors and profits.
