Advertising Strategies

Then be sure to use that sentence in each piece of sales and promotional materials, and every time anybody asks you about your ebook.

Besides selling your books assiduously online, there are a number of other strategies that can enable you to promote extra books.

One is to present one thing away at no cost with your e book, similar to a priceless bonus item. Or bundle several ebooks under one price, which lowers the value for every e-book if they had been offered separately.

An efficient approach for figuring out a value is to send out a survey to your present customers. If these prospects have already purchased an book from you, ask for their opinion in terms of price. Do that by creating a sales page for the brand new ebook, but don't include a worth on that page. Instead, add quite a lot of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another technique is to test out costs by creating a variety of duplicate sales pages with different costs on each page. Make sure that your gross sales copy is precisely the same on every page, and

contains your selling-handle sentence. Then determine for each web page the conversion ratio between visitors to your website and gross sales of your book. This may tell you what your optimum worth is.

In the end, should you've written a ebook that solves a problem or presents a brand new approach, your e book will herald both traffic and profits.
