An effective method for figuring out a worth is to send out a survey to your present customers. If these clients have already purchased an e book from you, ask for his or her opinion when it comes to

price. Do that by making a sales web page for the brand new ebook, but don't include a worth on that page. As a substitute, add a number of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to test out costs by making a number of duplicate sales pages with completely different costs on each page. Be sure your sales copy is strictly the identical on every page, and contains your promoting-deal with sentence. Then figure out for every web page the conversion ratio between guests to your site and gross sales of your book. This can tell you what your optimum price is.

Finally, for those who've written a ebook that solves a problem or presents a new method, your e-book will herald both site visitors and profits.
