sales and promotional materials, and every time anybody asks you about your ebook.

Besides promoting your books assiduously on-line, there are several different methods that can help you promote extra books.

An effective method for figuring out a value is to send out a survey to your present customers. If these customers have already purchased an e-book from you, ask for his or her opinion in terms of price. Do this by making a gross sales page for the brand new e-book, but don't include a value on that page. As a substitute, add numerous hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other technique is to test out prices by making a number of duplicate sales pages with totally different costs on every page. Ensure your sales copy is exactly the identical on every web page, and contains your promoting-handle sentence. Then work out for each page the conversion ratio between visitors to your site and sales of your book. This can tell you what your optimum worth is.

Finally, when you've written a guide that solves a drawback or presents a new technique, your book will bring in both site visitors and profits.
