Apart from selling your books assiduously on-line, there are a number of other strategies that may allow you to promote more books.

Do this by making a sales page for the brand new guide, but do not include a price on that page. As a substitute, add a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another strategy is to test out prices by creating a variety of duplicate sales pages with different prices on each page. Make certain your gross sales copy is strictly the same on each web page, and

contains your promoting-handle sentence. Then determine for every web page the conversion ratio between visitors to your website and sales of your book. This will tell you what your optimum price is.

Finally, in the event you've written a book that solves a downside or presents a brand new approach, your e-book will herald both visitors and profits. So remember to write that promoting-handle sentence that sums up what drawback your e-book solves and what the advantages of your 1933 book might be to the shoppers who purchase it. And then watch your market come to you!
