An effective approach for determining a worth is to send out a survey to your present customers. If these clients have already bought an book from you, ask for his or her opinion in terms of price. Do

this by creating a gross sales web page for the new guide, however do not embrace a worth on that page. As an alternative, add various links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other technique is to check out prices by creating a variety of duplicate sales pages with totally different prices on each page. Be sure your sales copy is exactly the identical on every web page, and includes your selling-deal with sentence. Then figure out for each page the conversion ratio between visitors to your web site and gross sales of your book. This can let you know what your optimum value is.

In the end, in case you've written a guide that solves a downside or presents a brand new technique, your guide will herald both traffic and profits. So make sure to write that selling-deal with sentence that sums up what drawback your book solves and what the advantages of your 1934 book might be to the customers who buy it. And then watch your market come to you!
