However, if your e book contains priceless ? and extra importantly NEW info, references, or techniques ? then it is best to purpose to cost it on the high end.

After you determine your goal, you should work out what your audience's need is on your ebook. For instance, does your e book remedy a specific downside? If it does, and solves it in a way that hasn't been written about in one hundred different ebooks, you may be capable of achieve excessive gross sales at a excessive price. consists of your promoting-deal with sentence. Then figure out for each web page the conversion ratio between visitors to your website and gross sales of your book. This may tell you what your optimum value is.
