An effective approach for determining a value is to ship out a survey to your present customers. If these clients have already bought an e book from you, ask for his or her opinion in terms of price. Do this by making a sales web page for the brand new e-book, however do not embody a worth on that page. Instead, add quite a lot of links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another technique is to check out prices by making a number of duplicate sales pages with different prices on every page. Be sure your gross sales copy is exactly the same on every web page, and

includes your promoting-handle sentence. Then figure out for each web page the conversion ratio between guests to your site and gross sales of your book. This will tell you what your optimum worth is.

Ultimately, should you've written a book that solves a problem or presents a new technique, your e-book will bring in both site visitors and profits. So make sure you write that selling-deal with sentence that sums up what drawback your e book solves and what the advantages of your 2035 e-book might be to the shoppers who buy it.
