One other strategy is to check out costs by making a variety of duplicate gross sales pages with totally different costs on each page. Ensure your sales copy is exactly the similar on every web

page, and contains your promoting-handle sentence. Then work out for each page the conversion ratio between visitors to your site and gross sales of your book. This may inform you what your optimum price is.

Finally, should you've written a e-book that solves a problem or presents a brand new technique, your e-book will bring in both visitors and profits.
