promotional materials, and each time anyone asks you about your ebook.

Apart from promoting your books assiduously online, there are a number of other strategies that can show you how to sell extra books.

One is to offer something away without cost with your guide, similar to a worthwhile bonus item. Or bundle several ebooks underneath one value, which lowers the worth for each book if they were offered separately.

An effective approach for figuring out a value is to send out a survey to your present customers. If these clients have already bought an book from you, ask for his or her opinion when it comes to price. Do this by making a sales web page for the new e book, however don't embody a worth on that page. Instead, add a variety of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other strategy is to test out prices by creating a number of duplicate gross sales pages with totally different costs on each page. Be sure your gross sales copy is exactly the same on every page, and contains your promoting-deal with sentence. Then determine for every web page the conversion ratio between guests to your site and sales of your book. This can tell you what your optimum price is.

In the end, in case you've written a ebook that solves a downside or presents a brand new method, your e book will usher in each traffic and profits.
