An efficient method for figuring out a price is to ship out a survey to your present customers. If these customers have already purchased an book from you, ask for their opinion by way of price. Do that by making a gross sales page for the brand new ebook, but don't include a value on that page. Instead, add plenty of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to test out costs by making a variety of duplicate sales pages with completely different prices on every page. Make sure your gross sales copy is strictly the same on every page, and contains your promoting-handle sentence. Then figure out for each web page the conversion ratio between guests to your web site and sales of your book. This will inform you what your optimum worth is.

Ultimately, if you happen to've written a e-book that solves a drawback or presents a brand new method, your ebook will usher in each traffic and profits.
