Instead, add quite a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another strategy is to test out prices by making a variety of duplicate sales pages with completely different prices on every page. Be certain that your sales copy is strictly the similar on every web page, and consists of your promoting-deal with sentence. Then work out for each page the conversion ratio between visitors to your website and gross sales of your book. This may tell you what your optimum price is.

Finally, in case you've written a guide that solves a drawback or presents a brand new technique, your guide will usher in both visitors and profits.
