price. Do that by making a gross sales page for the new book, but don't include a price on that page. As an alternative, add a lot of links to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other strategy is to check out prices by making a number of duplicate sales pages with totally different prices on each page. Be sure that your sales copy is exactly the identical on every web page, and contains your promoting-deal with sentence. Then work out for each web page the conversion ratio between visitors to your site and gross sales of your book. This can inform you what your optimum price is.

Finally, in the event you've written a e book that solves a drawback or presents a brand new technique, your e book will bring in both site visitors and profits.
