Another technique is to check out prices by creating a number of duplicate gross sales pages with different prices on each page. Be sure that your sales copy is precisely the identical on each page, and consists of your selling-handle sentence. Then determine for every page the conversion ratio between guests to your web site and gross sales of your book. This will let you know what your optimum value is.

Finally, when you've written a e-book that solves a drawback or presents a new technique, your ebook will herald both site visitors and profits.
