Start at the highest value the market will bear to usher in the largest earnings, and plan to discount the e-book a number of times all through the year.

Advertising Methods

The important thing that unlocks the sales potential of your book is to find a single sentence that turns into your promoting handle. This sentence states what question or drawback your e book answers and the advantages your e-book can provide. Then remember to use that sentence in every piece of

gross sales and promotional material, and every time anyone asks you about your ebook.

Moreover promoting your books assiduously online, there are a number of other methods that may help you sell extra books.

One is to present one thing away without cost along with your guide, akin to a useful bonus item. Or bundle a number of ebooks under one price, which lowers the value for each book if they had been bought separately.

An efficient method for figuring out a worth is to send out a survey to your present customers. If these customers have already bought an ebook from you, ask for his or her opinion in terms of price. Do that by creating a gross sales web page for the new book, however do not include a value on that page. Instead, add a number of hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other strategy is to check out prices by creating a variety of duplicate sales pages with different prices on each page. Be sure your sales copy is exactly the identical on each web page, and includes your selling-handle sentence. Then work out for every web page the conversion ratio between visitors to your web site and sales of your book. This may inform you what your optimum value is.

Ultimately, if you happen to've written a guide that solves a problem or presents a new technique, your e book will bring in both site visitors and profits.
