Begin on the highest price the market will bear to herald the largest profits, and plan to low cost the e-book a variety of times all through the year.

If these clients have already purchased an e-book from you, ask for their opinion when it comes to price. Do that by creating a gross sales web page for the brand new e book, but don't embrace a value on that page. As a substitute, add plenty of links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other strategy is to check out prices by making a variety of duplicate sales pages with totally different prices on each page. Make certain your gross sales copy is strictly the same on every web

page, and consists of your selling-handle sentence. Then determine for every page the conversion ratio between visitors to your website and gross sales of your book. This can let you know what your optimum value is.

Ultimately, in the event you've written a book that solves a downside or presents a brand new method, your e-book will bring in each traffic and profits.
