If these clients have already bought an e-book from you, ask for their opinion when it comes to price. Do that by making a sales page for the brand new guide, however don't embrace a worth on that page. As an alternative, add quite a few links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other technique is to check out prices by creating a number of duplicate gross sales pages with completely different costs on each page. Make sure your gross sales copy is strictly the same on

every web page, and includes your promoting-deal with sentence. Then figure out for each web page the conversion ratio between visitors to your site and gross sales of your book. This can tell you what your optimum value is.

In the end, in case you've written a book that solves a drawback or presents a brand new approach, your e book will usher in both site visitors and profits.
