One other technique is to check out prices by making a number of duplicate gross sales pages with totally different costs on each page. Be certain your sales copy is precisely the identical on every web page, and consists of your selling-handle sentence. Then figure out for every web page the conversion ratio between guests to your website and sales of your book. This may tell you what your optimum value is.

In the end, in the event you've written a book that solves a downside or presents a new approach, your e-book will bring in each site visitors and profits.
