Another technique is to check out costs by creating a variety of duplicate sales pages with totally

different costs on each page. Be sure that your sales copy is exactly the similar on every page, and includes your selling-handle sentence. Then work out for every web page the conversion ratio between visitors to your web site and sales of your book. It will tell you what your optimum value is.

In the end, if you happen to've written a book that solves a problem or presents a brand new technique, your guide will bring in each traffic and profits.
