An effective approach for determining a worth is to ship out a survey to your current customers. If these clients have already purchased an book from you, ask for their opinion by way of price. Do that by creating a sales web page for the brand new ebook, but don't include a value on that page. As a substitute, add various links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another strategy is to test out costs by making a variety of duplicate sales pages with completely different costs on each page. Be sure your gross sales copy is precisely the identical on every page, and includes your promoting-deal with sentence. Then work out for each web page the conversion ratio between guests to your website and gross sales of your book. It will inform you what your optimum price is.

Ultimately, if you've written a ebook that solves a problem or presents a new method, your guide will herald each visitors and profits.
