An effective method for figuring out a price is to ship out a survey to your current customers. If these prospects have already bought an e-book from you, ask for his or her opinion by way of price. Do that by creating a gross sales web page for the new e book, but do not embody a value on that page. As a substitute, add a lot of links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other technique is to test out costs by creating a number of duplicate sales pages with completely different prices on each page. Ensure your sales copy is strictly the similar on each page, and includes your selling-handle sentence. Then determine for every page the conversion ratio between guests to your site and sales of your book. This can inform you what your optimum price is.

Finally, in case you've written a e-book that solves a problem or presents a new technique, your e book will bring in both traffic and profits. So be sure you write that selling-handle sentence that sums up what drawback your e book solves and what the benefits of your 2591 book will be to the purchasers who purchase it.
