Another technique is to test out costs by making a number of duplicate gross sales pages with totally different costs on each page. Make sure your gross sales copy is precisely the same on each

web page, and includes your promoting-deal with sentence. Then work out for each page the conversion ratio between visitors to your website and gross sales of your book. This will tell you what your optimum worth is.

In the end, when you've written a guide that solves a problem or presents a new technique, your e book will herald each site visitors and profits.
