Then be sure you use that sentence in each piece of gross sales and promotional material, and each time anybody asks you about your ebook.

Apart from selling your books assiduously on-line, there are a number of other methods that can enable you sell extra books.

One is to offer something away for free along with your ebook, resembling a worthwhile bonus item. Or bundle several ebooks beneath one price, which lowers the price for every e book in the event that they have been sold separately.

An effective approach for figuring out a value is to send out a survey to your present customers. If these prospects have already bought an ebook from you, ask for their opinion in terms of price. Do this by making a gross sales page for the brand new e-book, but don't embrace a price on that page. Instead, add a number of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another technique is to test out costs by creating a number of duplicate gross sales pages with completely different prices on every page. Be sure your sales copy is strictly the same on every

page, and contains your promoting-handle sentence. Then work out for each page the conversion ratio between guests to your site and gross sales of your book. It will inform you what your optimum price is.

Finally, in case you've written a e book that solves a problem or presents a new technique, your ebook will herald each site visitors and profits. So be sure you write that selling-handle sentence that sums up what downside your e-book solves and what the advantages of your 474 e-book will probably be to the customers who buy it.
