An effective approach for determining a value is to ship out a survey to your current customers. If these clients have already bought an e-book from you, ask for his or her opinion when it comes to price. Do this by creating a gross sales page for the brand new ebook, but don't embrace a value on that page. One other technique is to test out prices by creating a number of duplicate sales pages with totally different prices on every page. Make sure your gross sales copy is precisely the same on every page,

and includes your selling-handle sentence. Then figure out for each page the conversion ratio between guests to your site and gross sales of your book. It will let you know what your optimum worth is.
