The key that unlocks the gross sales potential of your book is to discover a single sentence that becomes your promoting handle. every web page, and includes your promoting-handle sentence. Then work out for every web page the conversion ratio between visitors to your web site and sales of your book. This can let you know what your optimum value is.

Finally, when you've written a guide that solves a downside or presents a brand new technique, your guide will usher in each traffic and profits.
