In addition to selling your books assiduously on-line, there are several different methods that may help you promote more books.

An efficient method for determining a worth is to send out a survey to your current customers. If these clients have already purchased an e book from you, ask for his or her opinion by way of price. Do that by making a sales web page for the new e-book, but do not embody a value on that page. Instead, add plenty of links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

Another technique is to test out prices by creating a variety of duplicate gross sales pages with completely different prices on every page. Be sure your sales copy is strictly the same on every web

page, and consists of your selling-deal with sentence. Then figure out for each web page the conversion ratio between visitors to your website and sales of your book. This can tell you what your optimum worth is.

Finally, should you've written a ebook that solves a problem or presents a brand new approach, your book will usher in both site visitors and profits. So be sure to write that promoting-handle sentence that sums up what problem your guide solves and what the benefits of your 683 e-book might be to the shoppers who buy it. And then watch your market come to you!
