An effective technique for figuring out a price is to send out a survey to your present customers. If these clients have already purchased an e book from you, ask for their opinion by way of price. Do that by making a gross sales web page for the brand new e book, but do not embrace a value on that page. As an alternative, add numerous hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to test out costs by making a number of duplicate gross sales pages with totally different prices on every page. Ensure your gross sales copy is exactly the identical on each web page, and includes your promoting-handle sentence. Then work out for each web page the conversion ratio between visitors to your site and sales of your book. It will tell you what your optimum worth is.

Ultimately, in the event you've written a ebook that solves a drawback or presents a brand new approach, your guide will bring in both traffic and profits.
