An effective approach for determining a worth is to send out a survey to your current customers. If these customers have already bought an e book from you, ask for his or her opinion when it comes to price. Do this by making a sales page for the new book, but do not embrace a worth on that page. Instead, add various hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another technique is to check out prices by creating a number of duplicate sales pages with completely different costs on each page. Be sure that your sales copy is exactly the identical on each web page, and contains your selling-deal with sentence. Then work out for every web page the conversion ratio between visitors to your website and gross sales of your book. This can let you know what your optimum price is.

Ultimately, if you've written a guide that solves a downside or presents a brand new technique, your e book will usher in both traffic and profits. So be sure you write that selling-handle sentence that sums up what problem your guide solves and what the advantages of your 743 book will likely be to the customers who purchase it.
