An efficient technique for determining a value is to send out a survey to your current customers. If these customers have already bought an ebook from you, ask for their opinion when it comes to price.

Do that by creating a gross sales web page for the new guide, however do not embody a worth on that page. As a substitute, add a number of hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another strategy is to check out prices by making a number of duplicate gross sales pages with completely different costs on every page. Make sure that your sales copy is strictly the same on every page, and includes your selling-handle sentence. Then figure out for every page the conversion ratio between visitors to your website and sales of your book. It will let you know what your optimum value is.

Finally, should you've written a e book that solves a drawback or presents a new technique, your ebook will usher in each traffic and profits.
