An efficient technique for figuring out a price is to ship out a survey to your current customers. If these prospects have already bought an e-book from you, ask for their opinion by way of price. Do that by making a gross sales page for the brand new book, but do not embody a price on that page. As an alternative, add a variety of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to check out costs by making a variety of duplicate sales pages with completely different costs on every page. Be certain your gross sales copy is strictly the same on

each web page, and contains your promoting-deal with sentence. Then figure out for each page the conversion ratio between visitors to your site and sales of your book. This will let you know what your optimum worth is.

Finally, should you've written a guide that solves a downside or presents a brand new method, your e book will usher in both traffic and profits. So be sure you write that promoting-deal with sentence that sums up what downside your e book solves and what the benefits of your 845 book will be to the purchasers who purchase it.
